Painters Lodge, Campbell River BC

John and Martin will share with you their techniques learned through many years of experience painting "en plein-air" - the skills of quickly capturing that initial "glimpse", and breaking the composition down to simple shapes and values.

The time spent will go far to hone your skills as a painter and gain confidence in your abilities regardless of your level of experience.

Martin and John have painted and taught in Europe and Canada, and are co-founders of Plein Air Canada - a fledgling plein-air arts organization dedicated to enhancing the profile of Plein Air painters in Canada. John is also a signature member of IPAP, and a regional editor for the Fine Art Connoisseur magazine. Martin and his wife run a very successful art school in Newmarket, Ontario.
